

Proposition 84

Statewide Park Program – Round One

Los Angeles, Comm. Redevelopment Agency

\$2,898,340

Nevin Avenue Elementary School Park

This project will create the new Nevin Avenue Elementary School Park in the City of Los Angeles through acquisition and development of .26 acres, and construction of a new entry plaza and picnic area, children's playground, fitness zone, interactive plant and water demonstration and botanical learning gardens, walking trails, "rolling" hill, and an indoor/outdoor learning/community building.

Through community based planning meetings, youth, seniors, and families selected these features. Additional design ideas from residents to be included in the project are:

- Artistic entry plaza and paving designed by 500 children through a contest. Install art tile mosaic.
- Children's playground to include climbing wall, spinning wheels, slide, swings, rope ladders and green rolling hill. Add pergolas at both playground gateways.
- Botanical garden to include three unique habitat zones (riparian woodland, evergreen woodland, and desert woodland zone with artistically designed plant identification signs) space for reading, studying, and picnics.
- Indoor/outdoor learning/community building designed for aerobics, yoga, dance, arts and crafts, and language classes.
- Fitness zone circuit of outdoor equipment, perimeter jogging and tricycle trail.
- Place a grand gateway on 32nd street, place perimeter landscaping as a buffer, place multipurpose room near entrance to park, place picnic/ study area within a garden setting, place fitness zone near schoolyard gateway, place social area near entrance. Install perimeter fencing, pedestrian lighting, and security cameras.

The project will include these sustainable techniques:

- Water efficient irrigation system with rain sensor, soil moisture meter, and/or a smart controller.
- Permeable surfaces for infiltration.
- 10% recycled materials will be used to construct the park.
- Landscape with non-invasive, drought tolerant plants.
- Energy efficient LED outdoor lights, light colored pavers, locally sourced materials, install solar panels, perimeter bioswale, and native vegetation.

The park will be open daily from 7 AM to 7 PM except during school hours. No entrance or membership fees will be charged.
